

PRESENTATION ON 'EDUCATION OPPORTUNITIES AND SCHOLARSHIP OPPORTUNITIES IN THE U.S.'

The Sri Lanka Fulbright Commission (US-SLFC). The US-SLFC is a bi-national commission which was established in Sri Lanka in 1952. For the past 64 years the commission has devoted its activities to the promotion of mutual understanding between the United States and partner countries through academic exchange. The Fulbright Commission functions as the host institution for EducationUSA, which is a Department of State supported advising center. Our mission is to provide accurate, comprehensive, and current information about how to apply to accredited U.S. colleges and universities.

Many Sri Lankan students express interest in completing their Masters and Doctoral studies in countries such as the United States. However, they do not know how to do so. The Commission has been getting quite a few inquiries about U.S. education opportunities from students currently studying at the University of Peradeniya. Therefore, the PGIS has arranged a presentation on **'Education Opportunities and Scholarship Opportunities in the U.S.'** by the current EducationUSA Adviser and student coordinator at the PGIS Auditorium on **Wednesday, 14th September, 2016 at 12.00 noon**

Please participate at this event and it would be a good opportunity to be aware of the US –SLFC's services and how you could get the assistance about the various avenues that are open to them.

Ms. W M D P Madawala Hulugalla
Deputy Registrar
Postgraduate Institute of Science
